

Horizon Europe 2025 | Consortia Matchmaking Support

HealthIL, with ISERD, at the Israel Innovation Authority is helping build strong **Horizon Europe 2025 health consortia** - matching European project leaders with qualified Israeli partners based on real needs.

Partner Types

We're working with **100+** Israeli organizations classified by call interested in joining Horizon consortia, including:

**Hospitals
&
Healthcare
Providers**

**Researchers
&
Academia**

Startups

**&
More**

They support clinical validation, piloting, data access, AI model development, policy, and more.

Need **speed**, **access**, and **scalability**?

Israeli partners bring clinical reach, AI-ready infrastructure, and a track record in real-world validation.

What We Offer

We're not coordinators. We're here to strengthen your proposal:

- ☒ Provide a tailored shortlist of qualified partners
- ☒ Facilitate introductory meetings and matchmaking conversations
- ☒ Support trust-building and pre-proposal collaboration

Our Focus Calls

**Mental Health
Innovation**
03-DISEASE-02

**AI Pandemic
Preparation**
01-DISEASE-04

**GenAI in
Healthcare**
01-CARE-01

GenAI for Research
01-TOOL-03

**Orphan and
Breakthrough
Devices**
01-IND-03

**Cancer
Mission**
