

<b>Appendix 1: Courses in the first stage of dental training</b>			
<b>First phase of dental curriculum</b>	<b>SWS*</b>	<b>Semester</b>	<b>Regular participation</b>
<b>Courses including a certificate of achievement</b>			
Practical course of chemistry for dental students	3	1	x
Practical course of medical terminology	1,5	1	x
Practical course of Occupational exploration	2,5	1 and 4	x
Practical course of physics for dental students	3	2	x
Dental propaedeutics with focus on preventive dentistry	4	2	x
Practical course of microscopic anatomy for dental students	5	2 or 3	x
Practical course of macroscopic anatomy for dental students	8	2 or 3	x
Practical course of biochemistry and molecular biology	5,5	3	x
Practical course of physiology	7,5	4	x
Practical course of Dental propaedeutics with focus on dental technology	4	3	x
Elective course	2	2 or 3	

<b>Courses without assessment</b>			
Chemistry for dental students	3	1	
Seminar accompanying chemistry practical course	1,5	1	
Biology	2	1	
Physics	3	1	
Preventive dentistry I and II	2	1 and 2	
Occupational exploration I and II	2	1 and 4	
Seminar accompanying physics practical course for dental students	1,5	2	
<b>Anatomy lectures 11 SWS</b>			
<i>Neuroanatomy for dental students</i>	2	1 or 2	
<i>Anatomy for dental students I</i>	3	2 or 3	
<i>History of development for dental students</i>	2	2 or 3	
<i>Histology for dental students</i>	4	2 or 3	
Physiology I and II	9	3 and 4	
Biochemistry and molecular biology for dental students I and II	9	3 and 4	
Lecture on Dental propaedeutics with focus on dental technology	2	3	

<b>Courses in the second stage of dental training</b>			
<b>Second phase of dental curriculum 5. + 6. Semester</b>	<b>SWS*</b>	<b>Semester</b>	
<b>Courses including a certificate of achievement</b>			
Practical course of Prosthodontics on phantom	18	5	x
Practical course of Dental-surgical propaedeutics and emergency medicine	4	5	x
Practical course of Operative dentistry and periodontology on phantom	18	6	x
Practical course of Orthodontic propaedeutics and prophylaxis	6	6	x
Radiology practical course	3,5	6	x
Radiology practical course (treatment)	0,5	6	x

Q: Clinical material science	2	5 or 6	
Q: Scientific work with focus on medical biometry, medical informatics I	1	5 or 6	
Q: Emergency medicine I / II	1	6	
Q: Pain medicine I / II	1	6	
Q: Oral medicine and systemic aspects I / II	1	6	
Q: Diseases of the head and neck I / II	1	6	
<b>Courses without assessment</b>			
Prosthodontics on phantom	2	5	
Dental-surgical propaedeutics and emergency medicine	2	5	
Radiology I	1	5 or 6	
Operative dentistry and periodontology on phantom	2	6	
Orthodontic propaedeutics and prophylaxis	2	6	

<b>Courses in the third stage of dental training</b>			
<b>Third phase of dental curriculum 7. - 10. Semester</b>	<b>SWS*</b>	<b>Semester</b>	
<b>Courses including a certificate of achievement</b>			
Practical course of Clinic and polyclinic of dental, oral and maxillofacial diseases I and II	1,5	7 and 10	x
Practical course of Dental diagnostics and treatment planning I and II	2,5	7 and 10	x
Practical course of Orthodontic diagnostics and treatment I and II	4	8 and 10	x
Seminar of Orthodontic diagnostics and treatment I and II	2	8 and 10	x
Surgery course I and II Phantom	2	7	x
Surgery course I and II treatment	4	8 and 9	x
Surgery course I and II	4	9 and 10	x
Integrated course I	5,25	7	x
Integrated course II	5,25	8	x
Integrated course III	5,25	9	x
Integrated course IV	5,25	10	x
Integrated course I (Seminar)	2	7	x
Integrated course II (Seminar)	2	8	x
Integrated course III (Seminar)	2	9	x
Integrated course IV (Seminar)	2	10	x
Pathology	2	7 or 8	
Pharmacology and toxicology	2	9 or 10	
Hygiene, microbiology and virology	2	9 or 10	
Internal medicine including immunology I and II	4	9 and 10	
Dermatology and Allergology	2	9 or 10	
Professional studies and practice visit	2	9 or 10	
Q: Emergency medicine (Practical course)	1	7	x
Q: Emergency medicine I / II	1	7	
Q: Pain medicine I / II	1	7	
Q: Oral medicine and systemic aspects I / II	1	7	
Q: Diseases of the head and neck I / II	1	7	

Q: Medicine and dentistry of aging and the elderly I / II	2	7 and 8	
Q: Health sciences with focus on epidemiology, prevention, health promotion	0,5	9 or 10	
Q: Ethics and history of medicine and dentistry	0,5	9 or 10	
Q: Ethics and history of medicine and dentistry II	1	9 or 10	
Elective course	2	8	x

<b>Courses without assessment</b>			
Lecture on Clinic and polyclinic of dental, oral and maxillofacial diseases I and II	4	7 and 10	
Dental diagnostics and treatment planning I and II	2	7 and 10	
Lecture on Surgery course I and II	2	7 and 8	
Lecture on Orthodontic diagnostics and treatment I and II	4	7 and 8	
Radiology II	1	7 or 8	
Radiology III	1	9 or 10	
Integrated course I-IV	3,5	7	
Integrated course I-IV	3,5	8	
Integrated course I-IV	3,5	9	
Integrated course I-IV	3,5	10	

\*SWS: Credit hours per semester
